CIRCULAR ABOUT ACTIVITIES FOR CLASSES I-VII

Dear Parents,

Namaste!

We are happy to share that our newly introduced activities for 2019-20 are proceeding well.

1. Karate:

As discussed during the Orientation the belt exam for karate would be mandatory in year 1, as this would entitle students to be monitored, mentored and supported effectively. Our school would also be registered and be able to participate in competitions. Students who have previously achieved belt levels may proceed to the next level, the charges for the examination would remain same (Rs. 1500/- which includes belt and certification).

2. Proposal for instrumental music (by Furtados School of Music)

With regards to the above, please note that we may start an instrumental music class as per the response received from parents.

This program would be priced at Rs. 5000/- per annum (approximately). **This is an optional program** and we may look at conducting it as an additional activity during/after School hours.

Please send us your responses at the earliest.
