CIRCULAR FOR PRE SCHOOL

Dear Parents,

Namaste!

As part of our strong Environmental Consciousness Program and following current rules and norms, we at TSUS, Palava, strongly advocate against 'single use plastic'.

In keeping with this, we request you to send a labelled steel glass with your child on 21.11.2019, for the purpose of serving Glucon-D on RUN FOR FUN day, since we do not wish to use plastic glasses.

We seek your co-operation in taking the Environmental Consciousness Program forward.
